BEOSOUND EDGE

Compact and powerful wireless speaker with magical interaction.

KEY SELLING POINTS

- **Truly magical interaction**
  Beosound Edge is calibrated to read the force of your touch, adjusting the volume as you roll the speaker back and forth. A gentle movement changes the volume moderately. A stronger touch and the change is more dramatic.

- **Accuracy at all volumes**
  A party and precision speaker all-in-one. The innovative Active Bass Port design ensures the output remains constantly fine-tuned no matter the volume level.

- **Timeless circular design**
  Beosound Edge looks completely unlike your average home speaker and more like a contemporary art piece. On the outside, aluminium craft is pushed to new levels with the perfectly circular frame.

- **Intelligent interface**
  A speaker that feels your presence. As you approach Beosound Edge, it comes to life, lighting up the interface thanks to proximity sensors. You can start, stop and skip tracks with a simple tap on the touch sensitive aluminium surface.

- **Directional sound**
  Beosound Edge delivers three directional sound settings. Playing through either side of the speaker will let you direct the sound for a more intimate listening experience. Selecting the True360 omnidirectional mode will fill the entire room with sound.
Compact and powerful wireless speaker.

10 words:
Compact and powerful wireless speaker with magical interaction.

25 words:
Compact and powerful wireless speaker with a timeless design, cutting edge acoustic innovation and magical interaction for a listening experience that inspires the imagination.

50 words:
Compact and powerful wireless speaker with a timeless design, cutting edge acoustic innovation and magical interaction for a listening experience that inspires the imagination. At its core, the refined polished aluminium exterior hides an acoustic masterpiece – the world’s first Active Bass Port. This revolutionary technology allows Beosound Edge to deliver an outstandingly potent bass when played loud and still play with finesse and delicacy at lower volumes. Interaction with Beosound Edge is truly magical with a push either way from Beosound Edge’s centre of gravity controlling the volume. And looking completely unlike your average home speaker, the aluminium circle design has the appearance of a contemporary art piece.

TECH SPECS

BASIC SPECIFICATIONS:

Dimensions: 50.2 x 13 cm (Ø x W)

Materials:
Highly polished aluminium body
Black fabric covers

TECHNICAL SPECIFICATIONS:

Power amplifiers:
2 x 200 Watt (woofer)
4 x 100 Watt (midranges/tweeters)

Cabinet principle:
Closed box / open port

CONNECTIVITY:

Wireless networks:
Wi-fi/WLAN 802.11 b/g/n/ac (2.4 GHz & 5 GHz)
Bluetooth 4.2

Connections:
Line-in (analogue & digital combo) with sensing
1 x Ethernet 10/100 Mbit/s

YOU MIGHT WANT TO KNOW:

Streaming formats:
Chromecast built-in
Apple AirPlay 2
Bluetooth Audio Streaming
DLNA - QMRC
QPlay 2.0 (China specific)

Multroom:
Apple AirPlay 2, Chromecast and BeoLink Multroom technologies are integrated and ready for you to create a wireless Multroom setup with Beosound Edge.

In the box:
Beosound Edge
Quickstart guide
Remote control:
Beosound Essence Remote
Bang & Olufsen App

Placement options:
Floor base
Wall mount

COLOURS:

Natural
